The Jenkins Revival the Greatest in History of Baptist Church.

74 ADDITIONS TO CHURCH.

The Services Will Continue Throughout This Week.

The revival at the Baptist church will continue this week and most probably close at the end of the week. It is now entering upon its fourth week, but Dr. Jenkins shows no signs of exhaustion from preaching twice a day, and often three or four times. Sunday his capacity for hard work was shown by a remarkable series of meetings. He conducted a sun-rise prayer meeting at 7 o'clock in the morning, addressed the Sunday-school at 10 o'clock, preached at 11 o'clock, conducted a funeral service at 2 p. m., preached at a great gathering of men at 3 p. m., and held the usual service at 7 p. m. His resources seem inexhaustible and his health is even improving in this "glorious climate of Kentucky" in spite of the severe labors of constant preaching for three weeks.

The Sunday afternoon service was a great personal tribute to the popular preacher. The Elks attended in a body, having notified him of their desire to do so, in a letter thanks adopted by the Lodge because of the postponement of the men's meeting to avoid a conflict with the memorial services a week before. He began by thanking this noble order for the courtesy of the presence of so many of its members, despite the rainy weather. The audience of men and boys filled both rooms of the church. Dr. Jenkins took as his subject the sins of Abba and preached from the text: "They were the ruin of him and all Israel." Like all of his sermons, it was a powerful appeal to all sinners in the kindest and most loving language, not one word of abuse or censure for even the most hardened of sinners. The additions to the church up to yesterday had reached the total of 74, surpassing all revival records in the church.

Many years ago Sid Williams held a meeting that resulted in 73 additions to the church, which was the largest number ever taken in at one meeting. Many of the converts were college girls, whose homes were elsewhere, but this time nearly all of the converts are Hopkinsville people. There are yet others who will join and the "Jenkins revival" will go down in the history of the church as the greatest ingathering in the 90 years since its organization. Dr. Jenkins himself joined the church Sunday morning and when the vote was taken it seemed that every person in the church held up a hand.

There are more than 50 converts to be baptized and a part of them will be baptized tonight and the rest Thursday night.

NEW TRAIN

May Not Be Put On Until Next Year.

The new train from Hopkinsville to Evansville, which was spoken of in our issue of last Friday, may not be put on for a while yet. An inquiry at the L. & N. station yesterday failed to elicit definite information as to the time. The train, we learned, will positively be put on of the coming year. The advantages to the general business of the city are so obvious that the L. & N. will have the lasting gratitude of all when they see their way to put on the Evansville accommodation.

TODD GOES DRY.

Prohibitionists Sweep the County By 650 Majority.

Todd county voted on Prohibition Friday and the dry side won by 650 majority. Guthrie was the only district in the county that went wet. All of the saloons will quit as soon as their licenses expire. On the same day the towns of Somerset and Falmouth voted on local option and both went for prohibition.

Saturday Whitley, Logan and Ballard counties and the city of Vanceburg, Lewis county, voted against liquor by large majorities. In Ballard the majority was 8,000 and Logan 2,000. There are five saloons in Russellville and one of them will run until Dec. 1, 1907.

AGED CITIZEN

Of Near Garrettsburg Is No More.

Mr. A. C. Bagby, a well known citizen who resided about three miles south of Garrettsburg, just over the line, in Tennessee, died Sunday morning. He was 78 years old and had been in feeble health for some time, but the immediate cause of death was pneumonia. Mr. Bagby was a Virginian, but moved to Kentucky when a young man and later he moved to Tennessee, where he had since resided. He is survived by several children. The interment took place in the family burying ground yesterday.

FIRE ALARM

Saturday Night Caused Great Excitement.

An alarm of fire was turned in Saturday night a little before 6 o'clock. The department answered the call promptly and made a quick run to the residence of Rev. E. Williams, at the head of North Liberty street, but the fire had been put out before the department arrived. In the light of what had occurred at Princeton and numerous absurd rumors of threats of a visit to the city, large crowds rushed out from their homes in the stygian darkness, expecting to see the rising of the curtain for a repetition of the Princeton outrage.

The Texas Wonder.

Cures all Kidney, Bladder and Rheumatism troubles; sold by all druggists, or two month's treatment by mail for \$1. Dr. E. W. Hall, 2925 Olive street, St. Louis, Mo. Send for Kentucky testimonials. Sold by R. C. Hardwick.

Mrs. Sarah Feland, of Owensboro, who has been visiting in Hopkinsville, was in the city yesterday afternoon en route home.—Henderson Gleason.

Often The Kidneys Are

Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its work.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It cures the highest and the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle free of charge. How to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

My Grocery is Making Money, Do You Want it?

Nothing but continued ill health would induce me to sell it.

My stand in the Odd Fellows' building is one of the best in the city.

My trade is large, very profitable now and steadily increasing. In fact, it is so large I am not physically able to look after it.

THAT IS WHY I OFFER IT FOR SALE.

I am getting old and must retire from such active employment.

That is my misfortune. It may be your fortune.

See me if you are looking for a splendid investment on easy terms.

Come and spend a week with me as my guest, stay in the store, look over the books and see how the business strikes you.

Letters Commending Tabernacle Course.

Mr. H. L. McPherson, Hopkinsville, Ky.

My Dear Sir: I received the prospectus of your Lyceum Course. I want to say it is one of the best all round strongest Courses in the country. Your community must surely appreciate your enterprise and good taste in your selection of entertainments. Most cordially yours,

EDWIN P. ELLIOT.

Dear Mr. McPherson:—Under separate cover I am sending you one portrait cut and two plates illustrating the poem "The Cruise of the Good Ship, Little Tot." I trust these will make good material for you.

I can't see a weak number on that Course of yours. It would do credit to any community in the land.

By a great effort I master my desire to say something exclamatory about too much water in Kentucky. I am glad you are go-ahead people in Hopkinsville and do not ever allow the damage to delay your course. Cordially yours,

EDMUND VANCE COOK.

However true the statement that the purchase of diamonds is an investment, it is old and hackneyed.

We do not offer this as an inducement to buy our diamonds.

VARIED ATTRACTIONS

Of the Jamestown Ter-
Centennial Exposition.

Norfolk, Va.—The Jamestown
Ter-Centennial Exposition will ap-
peal to all characters and conditions
of men and women as well. The as-
sociations are so numerous that they
would seem to embrace every fac-
ulty of taste and fancy.

The man who enjoys good living
will be attracted by the famous Lynn-
haven Bay Oyster. He who is fond
of the sea breezes will find them
here refreshing and invigorating.
The antiquarian will be entertained
by the historic surroundings: Ham-
pton Roads, Jamestown, Yorktown,
Appomattox. The naturalist may
visit the Dismal Swamp, a short dis-
tance away. He who loves the ro-
mantic tale, spicy and adventurous,
can look upon the scene where Jean
Lafitte dwelt, and there Blackbeard
entrenched himself. But these are
are not the only associations of the
Jamestown Exposition. There are
others in abundance.

POWHATAN OAK.

The scene is not far distant where
Patrick Henry led the first regular-
ly organized body of patriotic Vir-
ginians to assert their adherence to
home and country by the emphasis
of battle.

The first naval battle of the iron-
clad type of ships took place on the
waters of Hampton Roads within
sight of the Exposition grounds—the
Monitor-Merrimac fight. The first
secure landing made by the settlers
whose coming hither is celebrated
was made just across Hampton
Roads and they named the place
Point Comfort. The largest ship-
yard in this country is at Newport
News across the same waters. The
largest Navy Yard in this country is
at Norfolk. The largest fortress,
Monroe, is opposite.

The greatest coal depot in the
world for storage and for foreign
shipment is planned to be built at
Sewell's Point, adjoining the Expo-
sition grounds. And last, but not
least, the coming metropolis of the
South, Norfolk, is within reach.

For those who are interested in
technical work the Exposition will be
a school of instruction. Students of
Mechanics can profitably study the
models of Colonial structure while
landscape artists will enlarge their
field of knowledge by observing the
admirable plan of the grounds.
Marine architects will have the na-
vies and the finest ships of the
world to look upon and draw ideas
from.

Those who love fun as a
proving element in life will have
the War Path.

Trial Marriages.

Mrs. Parsons, the wife of a Congressman, who has recently attracted attention by writing in favor of trial marriages is barking up the wrong tree. Trial marriage would do away with marriage entirely and with it would as a consequence be the destruction of the home upon which our nation rests. Mrs. Parsons sees so much unhappiness in marriage she might with better profit to herself and the country direct her attention to those things which produce unhappiness in the matrimonial state. The craze for extravagant living, dressing beyond their means and a maudlin desire for novelty and foolish display are breaking up hundreds of homes by dissatisfaction and disagreement and not unfrequently by a violation of the marital vows. If marriage has gotten to such a condition in this country that such a fool suggestion of Mrs. Parsons for "trial before keeps," the fault is largely with the women themselves.

They should realize that they are not intended either by divine law or by the common fitness of things to be mere ornaments, but help mates, and instead of devoting their time in devising plans to spend what their husbands make, they should either help him to make or at least help him to save what he makes.

If men would insist upon the Divine law that wives should be subject to their husbands and women would get a proper regard of their duties as wives, such silly suggestions as Mrs. Parsons makes would not be heard of and the divorce court would have much less to do.—Elizabeth-town News.

ELI BERRY

Mentioned as Secretary of the Democratic Campaign Committee.

Mr. Eli Berry, the efficient steward at the asylum, is complimented by his home paper, the Owensboro Inquirer, in the following paragraph: "In the matter of the organization for the coming political contest in this state, the name of Eli Berry has been suggested as secretary of the campaign committee. He served under Congressman Smith in the Goebel campaign and four years ago served in the same capacity under Senator McCreary, who was then chairman. Aside from this experience, it is a well known fact that he was one of the chief leaders and advisers in the recent Democratic primary in this county and district in behalf of Beckman and Judge Hager, and the result of the organization established and maintained speaks for itself. He is entitled to high rank among the leaders of his party, and his friends here would be greatly pleased to see him given this recognition in the coming fight as campaign secretary, a position he well deserves by merit and ability."

Mr. Berry did excellent work in the recent Democratic primary for Gov. Beckham at Owensboro. His many Hopkinsville friends will be glad to see him honored in any way that his ambition may point.

Nothing Doing.

The slate at police headquarters yesterday showed that no arrests had been registered since the 5th. Officer Charlie Hogard said: "There is nothing doing—everybody is getting good all at once." It is to be hoped that this is true and that the officers may have a good time doing nothing, for several weeks to come. It is true that there is a lot of evil-doing continually keeping the policemen busy, but as the officers have run them down and they have been punished so often this year, it may be that they are becoming civilized.

The Original Porous Plaster.

It's Alcock's, first introduced to the people sixty years ago, and today undoubtedly has the largest sale of any external remedy—millions being sold annually throughout the whole civilized world. There have been imitations, to be sure, but never has there been one to even compare with Alcock's—the world's standard external remedy.

For a weak back, cold on the chest or any local pain, the result of taking cold or over-strain, there's nothing we know of to compare with this famous plaster.

HOG CHOLERA

The Problem of a Cure is Now Solved.

The much dreaded disease, hog cholera, has lost its terror to those who are posted on modern methods of treating the disease. It is now a curable disease. Any practical farmer who will follow the instructions given by the manufacturers can stop the worst outbreak of disease that ever came and save almost every hog able to take the treatment and restore the herd to thrift in a few days time.

The Snoddy Remedy, manufactured by The Dr. J. H. Snoddy Remedy Co., of Alton, Ill., has been used in this country and has proven itself a positive cure for the much dreaded disease. It is now available in this country, by the Planter Hardware Co., Inc., who will furnish farmers or hog raisers one of Snoddy's books on hog cholera, free of charge, who will call at their store for it. Full directions for curing hog cholera is fully explained in this little booklet. Every farmer should have one. They are free, and it is hoped that the people will study up on this new method of treating the disease so they can feel safe from the disease when raising hogs and also so they will understand how to keep the cholera out of this country. The remedy is also on sale by E. W. Stegar & Dickson, down at Masonville, who will also furnish the farmer a copy of Snoddy's book on hog cholera, who will call there for it.

This remedy is the greatest worm remedy and thrift producer for hogs there is on the market. The extra gain they will make from its effect will return the farmer an average of \$5 in this extra gain for every dollar's worth of the medicine he uses properly and right. Hence the remedy is not an expense to a farmer but is a profitable investment, and one that pays a greater profit than anything else on the farm the same amount of money can be invested into.

The remedy is certain in its action when properly used. It is impossible for a cholera germ or worm of any kind to live in a hog while that hog is under the influence of this remedy. The remedy will destroy every worm or germ of this kind and the hog will get well in a short while and be as thrifty as he ever was.

There are many imitations of this remedy being put on the market. Let everyone be careful that they do not buy an imitation of the goods. The public will know the genuine Snoddy Remedy by its having Dr. Snoddy's picture on every label. If a medicine for hog cholera is offered you that is claimed to be the Snoddy Remedy and does not have Dr. Snoddy's picture on the label, refuse it, because none are genuine without this picture. Dr. J. H. Snoddy is the original discoverer of the remedy and the Dr. J. H. Snoddy Remedy Co., uses his picture as a trademark. For further particulars call on the Planter Hardware Co., Incorporated, Hopkinsville, or E. W. Stegar & Dickson, at Masonville, Ky. The remedy is manufactured by Dr. J. H. Snoddy Remedy Co., Alton, Ill.

AMUSEMENTS.

One of the most interesting scenes in the "Moonshiner's Daughter" is a complete illicit still in full operation, showing how the moonshiners made whiskey from the corn they grow. This still was captured in the mountains of Tennessee, after a terrible fight in which many Georgia moonshiners were wounded and several men were killed. The scene is a complete and correct representation of the way in which the moonshiners made and sold their whiskey, after they have grown their corn, it is not their property to do with as they like. Nothing seems to change their ideas; no matter how many times captured, or how heavy the punishment, for immediately upon their release they begin again. A beautiful love story is woven around these rugged mountaineers, full of heart interest and wonderful experiments. "The Moonshiner's Daughter" is to be seen at Holland's Opera House, Friday night, December 14.

"A Woman of Mystery." Judging from newspaper reports regarding Miss Courtney Morgan in "A Woman of Mystery," which will appear at Holland's Opera House, on Wednesday December 12th, the critics, especially the lady dramatic writers, of whom there are a great number in the field now, unite in pronouncing the wardrobe displayed by Miss Morgan as something remarkable. It was all collected in London and Paris, and to the thousands of theatre goers who do not pay an annual visit to those famous fashion centers, the display of all these magnificent creations is a really enjoyable treat. The play is said to be splendidly mounted and a carefully selected company of players in support of Miss Courtney Morgan, who will be remembered as a former member of Charles Frohman forces. The engagement is for one night only and indications point to a very large attendance.

An Alarming Situation frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of Stomach and Bowels. Guaranteed by R. C. Hardwick, druggist. Price 25c.

DISFIGURING SKIN HUMOR

Impossible to Get Employment, as Face and Body Were Covered With Itching Sores—Scratched Till Flesh Was Raw—Spent Hundreds of Dollars on Doctors and Hospitals and Grew Worse

**CURED BY CUTICURA
IN FIVE WEEKS**

"Since the year 1894 I have been troubled with a very bad case of eczema, which I have spent hundreds of dollars trying to cure, and I went to the hospital, but they failed to cure me and it was getting worse all the time. Five weeks ago my wife bought a box of Cuticura Ointment and one cake of Cuticura Soap, and I am pleased to say that I am now completely cured and well."

"It was impossible for me to get employment, as my face, head, and body were covered with it. The eczema first appeared on the top of my head, and it had worked all the way around down the back of my neck and around to my throat, down my body and around the hips. It itched so I would be obliged to scratch it, and the flesh was raw."

"I would first wash the affected parts with warm water and Cuticura Soap, and then apply Cuticura Ointment and let it remain on all night, and in the morning I would use Cuticura Soap. I am now all well, which all my friends can testify to, and I will be pleased to recommend the Cuticura Remedies to any and all persons who wish a speedy and permanent cure of skin diseases." Thomas M. Rosetter, 290 Prospect Street, Mar. 30, 1905.

The closer the scrutiny the more

A Hopkinsville citizen, J. speaks
here:

Speaks from experience and conviction:
Miss L. A. Heister, 212 East 14th
Street, says: "To walk for any dis-
tance or to over-exert myself in any
way intensified the aching in my
back from which I was for a long
time a continual sufferer, and if I
caught cold it seemed to settle in
the same region and made me most
miserable. When rising in the
morning I felt stiff and sore and
often found it difficult to dress my-
self. Another symptom of my com-
plaint was a weakness of the kidneys
which annoyed and distressed me

MAN OF MODERATE MEANS.
One Use for Which He Would Like
to Have a Little More Money.

"I wouldn't want," said the man of
moderate means, "to be as rich as
Kreuss; I wouldn't even want money
enough to make me lazy; I think
riches, that is, great, would be
bad for most of us, but I really would
like to have money enough so that
I could wear any sort of clothes I
wanted in any sort of weather. As it
is, it's like this:

"My stock of clothes is limited. I
have enough to make me presentable
in fair weather but no reserve of
such clothes and of course I can't af-
ford to take chances with what I've
got, and so the weather is always an
object of concern to me.
"Shall I wear my good clothes?"
I say to myself, as I look out at the
sky on a lowering morning, or shall I
put on my old ones? I don't want to
wear my old clothes if it's going to
clear off and I can't afford to wear
my good clothes if it's going to rain,
and being in this state of mind I
don't help me any in my judgment,
for a man can come closer to guess-
ing right on things in which he is
not personally interested than he can
on things in which he is.

"So sometimes I start out with
my good clothes on days that turn
out to be rainy, though often I
wear my old clothes on days that
turn out bright and sunny, when I
might just as well have worn my
good ones, necessarily naturally tend-
ing to make me overcautions.

"But still, I can't afford to take a
chance.

"I wouldn't want to be as rich as
Jon Jook. After, nor even as old
man Rockefeller, but I would like to
have money enough so that I could
wear any sort of clothes I wanted to
in any sort of weather."—New York

PIONEER OF ELECTRICITY.

The learned Ampere—whose name
is usually more frequently every day
in these times of electric traction—has
been dead for 70 years, and a mem-
orial tablet in his honor is shortly to
be unveiled at Lyons. He is prob-
ably better known to most of his
countrymen for his absence of mind
than for his scientific achievements.
He it was (though Newton is often
said to have done the same thing
before) who cut a big and little hole
in his door for the cat and the kitten
to go through. He it was who dipped
his biscuit in the inkpot and thought
the wine rather bitter; who while ex-
amining the markings on a pebble
took out his watch to look at the
time, but put the pebble in his pocket
and threw the watch away. There are
scores of such tales about Ampere.
He, indeed, thought little of
anything but his scientific pursuits,
neglecting his health and his fortune
and leaving behind a legacy without
which half the electrical inventions
of to-day would have been impos-
sible. He certainly merits a commem-
orative tablet.

MANUSCRIPTS' TRAVELS.

"Here is a manuscript of mine,"
said the author, "which has been go-
ing the rounds of the magazine of-
fices so long that if an editor were
to accept it in an unguarded moment
I should feel that I had lost an old
friend.

"Why, it has even crossed the
ocean and returned home without
shipwreck. It represents \$40 worth
of stamps to me, not to mention nine
gallons of 'midnight oil' and \$8
worth of typewriting. But its jour-
ney isn't ended yet—not yet! I'm
taking it to a tailor now to have it
cleaned and pressed and the ragged
edges trimmed, and then I'll give it
another whirl!"

AS A LAST EXTREME.

Once a number of legal lights in
Washington were gathered in the
smoking room of a lawyers' club,
when the talk turned to a discussion
of the veracity of lawyers. "The
average man," remarked one disciple
of Blackstone, "seems only too ready
to assume we are all liars—a very
unjust position, it seems to me. Do
we not sometimes tell the truth?" he
asked of his neighbor, a well-known
criminal lawyer.

"Certainly," promptly responded
the latter. "We will do anything
sometimes to win a case."

THE FIRST LETTER
A Woman Writes.

THE FIRST LETTER that a sick woman
should write or have some one write for
her is to Dr. Pierce, of Buffalo, N. Y.,
asking him if "FAVORITE PRESCRIPTION"
is suitable for her case, and he will
frankly tell her so if he thinks it. He
may have to ask some questions before
he can be sure just what the trouble is.
If you are suffering from uterine dis-
eases the symptoms of which are head-
ache, backache, stomachache, pain in var-
ious parts of the body, especially in the
pelvic region, bearing-down, inflamma-
tion, irritation, then Dr. Pierce will
advise you to use his "FAVORITE PRE-
SCRIPTION" for he has had a wonderful
experience in the use of this remedy. It
is NOT A PATENT MEDICINE but it is a
VERITABLE PRESCRIPTION that became
his "favorite" when he was engaged in
private practice forty years ago and
found that it cured more than ninety-
eight out of every hundred of all such
cases that came under his care.
The doctor found scores and hundreds
of women who were being improperly
treated for their troubles were not
understood, and he determined to place
this remedy at their disposal. It suc-
cessfully within reach of the multitudes who
were in such sore need of it.
He made it efficient, agreeable to taste.

LOST LITTLE DAUGHTER.

Operation Was Performed
But Death Resulted.

Mr. and Mrs. J. G. Torian, who reside in the Julien neighborhood, lost their oldest daughter, Phyllis, Saturday afternoon. The death occurred at the home of the child's grandparents, Mr. and Mrs. W. C. West, in this city.

It was the intention of Mr. and Mrs. Torian to have the little girl enter school in this city last Monday, but on Sunday afternoon, when she had made all preparation to come to the city she complained of not feeling well, though it was not thought that anything serious would result and she was brought to the home of her grandparents, her parents thinking she would be all right by the next morning and ready to enter school. Though by Monday it could be seen that her illness was of a serious nature and a physician was summoned, who soon discovered that the little girl was the victim of a severe attack of appendicitis. She grew gradually worse until Thursday, when, as a last resort, an operation was performed by Drs. Jackson, Thomas and Caudle, but it was too late, as the dreadful disease had already gained such a hold that it could not be checked, and the little patient lingered until Saturday afternoon, when the end came and her sufferings were ended.

Phyllis was a very bright child, pretty and an idol of her fond parents, who have the sympathy of all in the loss of their loved one. She was about 8 years of age. The funeral services were held Sunday afternoon at 2 o'clock, conducted by Rev. Millard A. Jenkins, pastor of the Baptist church, and the remains were laid to rest in Hopewell Cemetery.
